## Elks Ruler Favors Sponsorship Sports Field by Lodge

**States That Elks Should Function as Service Club in Coleman for Community Purposes--Favorably Impressed With Co-Operative Spirit.**

Coleman Elks on Thursday last, welcomed the grand exalted ruler for the Dominion, P. W. Pound, of Vancouver. He is visiting the principal cities of the western provinces as far east as Winnipeg.

About 60 members and visitors were at the banquet which preceded the lodge meeting. Fernie, Coutts, Macleod, were the lodges represented by visiting Elks.

The welcome was extended by Frank Barrington, district deputy grand exalted ruler, to the visitors, who explained the reasons of the meeting. He called on Mayor George Pattinson, himself a member of the Elks Lodge, who extended a few words of greetings on behalf of the citizens.

The toast "The King" was proposed by R. P. Barnes; to the Elks, by Bro. W. Reid, R.C.; response by Grand Exalted Ruler P. W. Pound; The Visitors, Bro. G. A. Brown; response by Wm. Edgar, R.C.

During his visit Mr. Pound was driven around the district by Frank Barrington and on Friday morning by Mayor Pattinson. In conversation concerning the Elks sponsoring a sports field, the exalted ruler considered it would be a splendid project for the local lodge to take up, and Mayor Pattinson assured him that he was fully confident that citizens would get behind the Elks if they embarked on the project. He believed that the Elks could well do much community service work, and there was good scope for its efforts in a place the size of Coleman.

P. W. POUND  
Grand Exalted Ruler of B.P.O.E. of Canada, at present on tour of western provinces, welcomed by Coleman Lodge last Thursday.

The Legion carnival, Saturday and Monday, June 11-13. Proceeds in aid of club building fund.

### THE JOURNAL IS AN ASSET TO COLEMAN

Since its earliest years, Coleman has had a weekly newspaper. True, it has been under several ownerships, the longest under the present ownership. One member of the staff has been 18 years a steady worker. They all contribute their share in taxes towards community development; contribute to community activities and churches, and fraternal organizations. They spend with local stores most of the wages earned, thus returning to local circulation the profits of their work.

Its news service is appreciated by Coleman people, as proved by the paid-up subscription list which is the best indication a newspaper has of its value.

## Bob Glendenning's Death Remains Unsolved Mystery

**Two Hours Evidence Fails to Disclose Slightest Clue--Inquest Adjourned for Eight Days Awaiting Rifle Tests Results**

Twelve days ago, while fixing a second-hand automobile at the rear of his home in West Coleman, which he with Joe Jenkins intended to use on a fishing trip, Bobby Glendenning, 21-year-old son of Mr. and Mrs. James Glendenning, was mysteriously shot by a 22 rifle and in less than ten minutes died in the arms of his father.

Despite painstaking police investigation, and tracking down of many rumors which were considered might furnish clues, a jury on Tuesday afternoon, under Coroner A. M. Morrison, heard evidence of seven witnesses who were on the spot when the young man was killed, and at the end of two hours were as mystified as ever. The only conflicting opinions as to its being accidental killing from a stray shot or intentional, were those of Joe Jenkins, who was standing by the shoulder to Glendenning when he slumped on the rifle bullet entering his body, and the latter's father, who stated that he knew of no motive and whose opinion was that it was accidental. Jenkins, in evidence, stated he thought it was intentional, but gave no reason for his opinion.

At the conclusion of evidence by Wm. Antle, town police, has been working on the case in conjunction with the R.C.M.P., and gave evidence exhibiting the windbreaker and shirt through which the bullet passed into Glendenning's body.

Will the mystery ever be solved is the question which may never be answered. At the same time, it indicated the slightest possibility of a motive for intentional killing of deceased has been fully investigated without result.

### STEVE WRITES AGAIN!

"On the Road to Mandalay," Kipling's well-known words of the popular song, comes to mind in following the world-travels of Steve Janostak. When previously heard from, he was in India. This week cards and photographs of important buildings and scenes of Singapore, dated on May 18, were received by The Journal. It looks as if he will accomplish his chief desire, to encircle the world, and return to Canada via the Orient and Vancouver. For dogged perseverance and dependence on his own resources, he is to be commended.

## Lack Forest Protection Revealed in Annual Report

**Chief of Forestry Service Emphasizes Vital Necessity of Co-operation of All People in Safeguarding the Forests.**

Reading the report of T. F. Blefgen, director of forestry for the province of Alberta, there is a poignant note in which he states: "The equipment situation remains unchanged and it is with regret that improvement in quantity cannot be reported. Funds made available for this purpose scarcely cover the necessary replacement of the present supply. If fires are to be fought effectively, the most modern proved equipment should be available in adequate supply."

"There is nothing to add to the reports of previous years where the shortage of staff has again and again been emphasized. It will indeed be a misfortune if a heavy loss occurs before the necessity of protection is translated into action."

### FORESTRY LOOKOUT MEN APPOINTED

Forest Ranger Boulton, official designation of whose station in Coleman is Crow Lodge, informs The Journal of the following appointments for the summer season: J. H. Ross to Ironstone Ridge lookout; south of Coleman; George Ross to Carbondale lookout in Castle River area; Leonard Hart, patrol man of

### FOREST FIRE ALARM LAST FRIDAY

Dense smoke several miles south of Coleman attracted attention on June 3rd, which alarmed observers, thinking it was a forest fire. Enquiry revealed that brush was being burned under the supervision of forestry officials.

Forest Ranger Boulton again asks for co-operation by all who go into the woods. Very expensive fires in past years have not only cost much money to extinguish, but have destroyed valuable timber which cannot be replaced in a lifetime. The forest resources belong to the public, and their co-operation is urgently required in protective measures.

Never hesitate in putting lots of water on a camp fire to extinguish it. You cannot put too much. Often fires considered dead have leaped into life and destroyed valuable stands of timber.

Lynk Creek district. Joe Kovach is ranger of Castor River area, and Charles Hughes at North Fork. The latter have held these appointments for some time.

### COLEMAN HOMING SOCIETY

Andrew Zur Wins Deliveries Ltd. Cup. Yearlings' Championship.

Liberated at 6:40 a.m. at Edmonton with a weather report of "cloudy," flying into storms enroute and the plane enveloped in clouds, the birds after a hard trip arrived at Coleman two hours slower than the time it took them to do the same flight last week with better weather conditions.

A close finish resulted as follows: 1st--A. Zur, time clocked in 5:08:08; 2nd--F. Beddington, time clocked in 5:10:22 p.m.

3rd--A. Biegan, time clocked in 5:13:33 p.m.

The Deliveries Ltd. Cup, emblematic of the one-year-old birds' championship, has been flown for two years. Last year it was won by F. Cyszkars.

Prizes donated by Mr. G. Pattinson, Mr. H. C. McBurney and Mr. Ed. Ledue.

The next race will belong to the ladies and will be flown from Edmonton with special prizes donated by F. Abouassay, S. Petrasny (Blainmore), C. Nicholas and Coleman Cafe.

### CONCILIATION BOARD AT CANMORE

After holding sittings at Blainmore and Fernie, a conciliation board appointed to hear testimony from mine workers and operators of the steam coal industry of Alberta, is at Canmore this week. The U.M.W. of A. representatives are urging a 20 per cent increase of wages and the operators a ten per cent decrease. Coleman mines were not parties to the dispute, as their agreements do not expire till March 31, 1939.

## C.N.F.A. Continues With Three Team League

Coleman's Withdrawal Accepted With Regret. Meeting Held at Fernie on Sunday.

The withdrawal of Coleman Rangers from the Crows' Nest Pass Football Association was received with regret at an association meeting held at Fernie on Sunday. Coleman's withdrawal came as a direct result of non-co-operation among a certain faction who had fostered football in Coleman in past years. The players themselves are in no small part to blame for their lack of enthusiasm in turning out for practices.

Delegates at the meeting represented Michel and Fernie clubs, Kimberley phoning that they would abide with any decisions the meeting passed.

A schedule comprising the three B. C. teams was drawn up. It was understood that should Coleman wish to enter the second half of the double schedule they were at perfect liberty to do so.

Upon the announcement that Coleman had withdrawn from the league, Michel lost no time in signing three of Coleman's players, Badley, Knight and J. Anderson. These players will line up with Michel next Sunday when they meet Kimberley in the first round of the Challenge Cup, a Dominion competition, at Kimberley.

### SANDERSON AND STURK JOIN CANADIANS

Two young Saskatchewan hockey players, Lloyd Sanderson, of Saskatoon Chiefs, and Sid Sturk, of Elmwood Millionaires, will link up with Canadiana next hockey season. Sanderson, 20 years old, is already in town, while Sturk will arrive on Saturday. Both are capable of playing centre or left wing and each have had a successful season during the past winter.

Defencemen are needed by the local team and the executive are endeavoring to secure experienced men for this position.

### KOOTENAY TEAMS WANT SAME SET-UP

Evidently the Kootenay League, in which Lethbridge and Coleman hockey teams played last season, would like to have them remain, for here's what the Kimberley Courier states:

Lethbridge and Coleman in an enlarged Alberta League is the latest report emanating from our neighboring province. Here's one corner that hopes such a venture does not go through. Lethbridge and Coleman are good and welcome entries in the local loop. Edmonton to Coleman would be a long distance for the teams to travel.

### LOCAL AND GENERAL

John Simpson, who works at Saggo's lumber camp at Crows' Nest, was in for a period of relaxation during the week. He falls originally from Springfield, N.B.

The Journal goes into the homes--it is read by the best type of buyers from local stores. Its circulation is bona-fide, paid for, and therefore constitutes the best medium for any class of advertising.

Mr. and Mrs. Cliff Picard, of Lethbridge, visited the latter's parents, Mr. and Mrs. Dave Robert, during the week. They motored to Lethbridge on Monday, accompanied by Mr. and Mrs. L. Picard, of Blainmore.

### LOCAL NEWS

Born: To Mr. and Mrs. J. K. Petrunik, on Tuesday, June 7th; a son.

Born: To Mr. and Mrs. Robert Lowe, on Tuesday, May 31st, a son.

Mr. and Mrs. William Burns and daughter visited at Waterton on Sunday.

Born: To Mr. and Mrs. James Anderson, on Saturday, June 4th, a daughter.

Bill Hirst, resident at Vancouver Island during the winter, has returned to Coleman.

Mr. and Mrs. A. Beck, of Star Creek ranch, spent the week end at Pincher Creek with friends.

Mr. and Mrs. J. Chalmers, accompanied by H. Tibbighien, motored to Edmonton to attend the Elks' convention.

Miss Nettie Gillespie has been appointed night supervisor at Drumheller hospital and will start her duties July 1st.

Mr. and Mrs. Tom Fleetwood, of Lethbridge, called on Rev. Mr. Hague on Sunday, on their return from a trip to Creston.

A. J. N. Terrill, proprietor of the Medicine Hat News, called on H. Nurcombe on Sunday, on his return from a drive through the Kootenays.

Mr. and Mrs. James Kerr and family returned from Medicine Hat on Monday, where they had been visiting Mr. Kerr's parents, Mr. and Mrs. A. May.

At Merritt, B.C., a mosquito control association has been organized, financed by membership fees of \$1 each person. \$136.50 has been collected according to the May 27th issue of the Merritt Herald.

The Italian Society held a whist drive on Saturday evening in the hall. The Italian ladies were: Mrs. A. Curcio, first; Mrs. S. Pizzo, second; Mrs. Nicotro, consolation. Gents: J. Lant, first; S. Cellano, second; J. Elladio, consolation. Twelve tables were in play.

### NOTES AND COMMENTS

**INVASION** of Saskatchewan by Social Crediters headed by Father Aberhart has proved abortive. He is back in Edmonton to-day, ruefully trying to find out what was wrong with his spell-binding technique. Is it the beginning of the end?

**NATIONAL UNITY** is of far more consequence to Canada than the ambitions of provincial premiers, whose greed for power threatens to wreck the work of pioneers who struggled to build a united Canada. It is time strong leadership at Ottawa asserted itself to prove that Canada is really a nation. Out of discussion and development for improvement is developed progress, but for each province to go its own road can only end in disaster for the whole. This Dominion has no use for provincial dictatorships either in the east or the west. It was against such possibilities that the Act of Confederation was directed.

**COLEMAN** has grown considerably in the past seven years, the main reason being steady employment which has enabled workers to build or improve homes.

**MAIN STREET** is Coleman's show window. Many strangers pass through it daily by automobile and bus. They see little of the residential area, and form their opinion merely on what they see as they hurriedly pass through. Surely local pride would urge some improvement in street lighting and painting to make it more presentable.

**SMALL TOWNS** are fertile places for gossip, and much harm is done thereby. It would be the better policy when someone gossips a little bit of scandal in your ear to ask who was the author. Usually the reply is: "Oh, they said so!" 99 out of every 100 rumors are idle gossip invented by someone who delights to be the first to appear to have something important to tell.

**AT VARIOUS TIMES** during our eleven years proprietorship of this paper, we have been threatened with extinction. Usually the reason for these threats is because something published has been objected to by an individual or individuals, without regard to the news or comment being of general interest. All newspapers are subject to threats of this nature, but they continue to serve all classes, not one particular section; neither does any self-respecting publisher pander to the mob just because it may be popular at the moment. Doubtless individuals who threaten us expect to see the paper collapse like a house built with a pack of cards, so exalted an impression have they of themselves. But the freedom of the press stands for the freedom of speech of all fair-minded people, otherwise minorities would be crushed beneath the heel of intolerance. To those who make threats of what they will do if they gain control, we need only remind them that in the long run they will finish up second best. Such threats act as boomerangs; they injure those who make them.

**WHAT WITH** increased provincial taxes and increased local taxes, smaller business houses are being relieved of their already small profits. It is getting to the point where people are being taxed out of business.

**ABERHART** has done everything he could to drive banks out of Alberta. Now that some places are being deprived of bank services, he is protesting to the Federal government. Aberhart is indeed a law unto himself—and himself alone! He and his experts have the finest opportunity to show how they can operate a banking service. The big obstacle would be that no sensible person would put any money on deposit in their bank.

### Many Floral Tributes Glendenning Funeral

**CARD OF THANKS**  
Mr. and Mrs. James Glendenning wish to thank all their friends and neighbors for the kindness and sympathy shown to them in their recent sudden and unexpected loss. Also to all who so willingly helped at the home, and to those who gave of their cars. And for the following floral tributes:

### THE CHURCH'S SHARE

Figures Reveal That Many Give  
Nothing to Church Support.

A Fernie man estimated that for tobacco, liquor, cars, amusements, fallen and sweatshop tickets and community purposes, a total of \$413,000 dollars was spent. He figured the churches got \$8,000, or approximately

one-fifth of the amount spent on pleasures. In Coleman it is estimated that the total amount of pleasure is approximately \$1,000,000 annually. Of this the churches receive less than \$6,000. Plenty for pleasures; little for the church.

If it is advertised in The Journal it must be O.K.

## WHY DOES ANYBODY BORROW FROM A BANK?

**WHY** does anybody borrow money? Here is the answer: Usually to make a profit or to use the money for his advantage.

Be the borrower a farmer, marketing organization, lumberman, miner, fisherman, rancher, manufacturer—none ever borrows from a bank and pays interest except to gain a benefit outweighing the interest charges.

Every Canadian dollar represents tangible wealth already produced, or wages paid for services rendered.

Every Canadian dollar issued can be described accurately as to purpose, as a wealth-producing, wage-paying, profit-seeking dollar.

Occasionally some borrowed dollars become temporarily deadweight debt—perhaps you suffer a loss for a season through drought or other natural calamity. But with a better season, better prices and brighter business, the lender has a chance to recover his losses.

"I borrow \$1,000 from the bank, paying interest because the bank is rendering me a service," one man instances. He goes on thus:

"Why do I borrow the \$1,000?"

"To use in a business deal and make a profit."

"My deal concluded successfully, I repay the bank and have a profit of say \$100, which I put to my credit in the bank."

"The bank has back its \$1,000 and interest, and I have \$100 I didn't have before."

"Multiply that borrowing of mine, my use of the money, my repayment and my profit, by many borrowers, day after day, and you see what is happening as a continuous revolving process throughout the year in the business world."

A farmer borrows for seed, cultivation or harvesting; a fisherman borrows for bait, boat or wages; a manufacturer borrows raw materials being factored, to pay wages to finish and market his goods—but none of these borrows except in the hope of profit to himself, in supplying the needs of others.

Banking is not mysterious. A farmer's co-operative marketing organization uses bank credit so that the farmer may get cash for his crop at the elevator without waiting for it to reach Liverpool.

A merchant borrows from the bank and is enabled to pay his bills early, take advantage of discounts, and pass part of his saving on to his customers.

A small farmer with 20 hogs borrowed \$50 for feed, paid \$1.75 interest and was enabled to sell his hogs for \$100 more than he would have got on an earlier market. His net profit was \$48.75. That is an authentic case. Here is another:

A hog-raiser on a large scale paid \$100 interest on a loan for feed. He writes us that he made a net profit of nearly \$2,000.

These are instances of the kind of services bank credit, exchanged for individual credit,

performs as an everyday routine, in Canada. Any community can supply scores of similar examples.

What is money? Coinage. Bank of Canada notes, bank notes, deposits.

Chartered banks now issue their notes up to a legal limit of 85 per cent of their paid-up capital. Yearly this is being reduced and the right of note-issue as steadily vested in the Bank of Canada.

A chartered bank's notes are the first charge on its assets. In case of trouble they must be paid off before a single cent can be paid on any other debts owed by the bank. To make doubly sure that notes will be redeemed, each bank pays into a fund held by the Minister of Finance, an amount of cash equal to five per cent of the average of its bank notes outstanding. This is called the "Bank of Canada Redemption Fund." The total of this fund is available for the purpose of redeeming the outstanding notes of any bank.

Notes of the Bank of Canada are money—legal tender—cash—that Bank's notes and deposits are backed (April 30, 1938) by 53.37 per cent of gold and silver bullion and foreign exchange.

Notes of the chartered banks, too, are money—their promises to pay; every dollar backed by more than twenty dollars of assets. They are redeemable, on demand, in cash.

Your deposit in a chartered bank also is money—you can buy things with it. It arose from your labour, production and thrift. It is redeemable in cash. It is the measure of your real wealth. You may make payments by cheque upon it. When your cheque goes through the Clearing House system, it must be met by the bank on which it is drawn. Any balances as between banks have to be settled in cash daily.

Your Canadian dollars are useful factors in a system that produces wealth for all of Canada.

**THE CHARTERED BANKS OF CANADA**

will be hostesses at a

Tea and a Display of Curios and Antiques

For 25c guests may enjoy a tempting afternoon tea and may browse through "The Old Curiosity Shop"

Come and enjoy something different in the way of a pleasant afternoon.

SALVATION ARMY SERVICES  
CREATE INTEREST IN PASS TOWNS

A very successful series of outdoor and indoor meetings were conducted during the past week end by the Leithbridge Salvation Army musical quartet.

Open air services were held in all the Pass towns—a total of ten stands being made. Music was rendered to the sick, and much favorable comment from musicians of the community was made.

"Billy" Temagi, Japanese Salvationist tenor, won the hearts of all as he quickly made known the miraculous work of God's saving grace in his life. His reference to the war in the Orient, in which his national people were engaged, was that it was none of his business, being a Canadian by naturalization. The greatest war of all time, he said, was the war on the devil, in which he was now actively engaged, and that taking God's word for his safety, it was certain that defeat of the greatest enemy of all time would be assured in the end.

The Army hall was filled on Sunday evening, when the quartet presented their message in song and testimony. Bandmaster B. Ackerman, in his remarks, said it was impossible to have any real appreciation of the beautiful scenery in the Crows Nest Pass, without the realization of God's presence in our life, and that all things in the natural creation were enriched by this holy affinity.

Deputy Bandmaster K. Bullock brought the evening address, and Bandmaster Carl Frayne conducted the Sunday school in the afternoon.

B. P. Steeves, Prop. Main Street

#### School Board Notes

The regular meeting of Coleman school board was held on Thursday evening with the following present: Chairman Fraser, Trustees Greenhalgh, Fleming and Sharp.

The five janitors were before the board and arrangements were made whereby supplies would be bought monthly. Work to be done during the holidays was also discussed.

Principal Hoyle reported attendance at the schools for May 95.03%. The symptoms of whooping cough which had caused concern last month had abated.

A letter from Dr. Carpenter re shop work in the Coleman schools will be answered to the effect that the present financial condition of Coleman school district would not warrant such a course.

It was moved that a letter received from Geo. Kellock, general manager of McGillivray and International mines, be published in full in the Coleman Journal.

Correspondence on various matters from Frank Barringham, B. F. Steeves, Miss Eleanor Neilson and Arthur Chrysler, the latter from Hillcrest, was filed. A number of unsolicited applications for teaching positions on the local staff were filed.

The swings, bars and pipes, formerly used in the school yard two years ago and which have since lain idle in the school basement will be offered to the town with the suggestion they be erected in Flummerfelt park.

Accounts were examined and passed as follows:

ACCOUNTS	\$	25.58
Coleman Journal	19.20	
Grand Union Hotel	19.20	
McDonald, Mrs. J.; substitute teaching	4.95	
Coleman Light & Water Co.	62.00	
McGillivray Coal Co. (fuel)	27.90	
International Coal Co.	18.80	
Barringham, F.	.50	
Central Scientific Chemical supplies	187.19	
Knowles, A. E.	12.00	
Registrar Land Titles Office	1.10	
Freight, C.P.R.	3.68	
	\$362.70	

Persons appealing at the court of revision on Monday, June 13th, are asked to gather in the high school auditorium on the second floor shortly before 7 p.m.

Trustees of Coleman School District Requested The Journal to Publish The Following:

Coleman, Alberta, June 1, 1938.

The Board of Trustees, Coleman School District No. 1216, Coleman, Alta.

Gentlemen: After spending considerable time checking up the assessment roll for this year, we are disappointed with the high rate at which the two coal companies have been assessed, compared with other assessment values in the School District. The assessment of \$476,000 for International and \$325,000 for McGillivray Creek being very much higher than a proper appraisal and full replaceable value would amount to.

If you will go over your assessment roll and records, and go back, say, twenty years, you will note that in that period the assessments of both companies have been tremendously increased; in the case of the International from \$160,000 to \$476,000, an increase of 200 per cent; and in the case of McGillivray Creek from \$90,000 to \$325,000, an increase of 250 per cent; and, particularly in the case of McGillivray Creek, not only has the assessment gone up but a very materially less tonnage has been shipped.

If there is any re-consideration to be given on the values, as appraised by your assessor, then we would like to have consideration given to the assessments of both International and McGillivray Creek.

We realize, of course, that the School Board has to have revenue, and for that reason we do not wish to do anything that would embarrass them in their efforts to keep things going, but at the same time we must draw your attention to the fact that for many years the School Board has been assessing full replacement values on the assets of the two coal companies and, admittedly, only sixty per cent on other values, without having any authority under the School Act for the discrimination; and further we would like to point out that in most school districts motor vehicles are assessed at their replacement values, although the Coleman School Board has not, for quite a number of years, made any assessments of the owners of transportation vehicles.

G. KELLOCK,

General Manager.

This is the King's Birthday  
— Many Happy Returns!  
42 years o'd.

### Local News

A. D. MacLean, director of air-  
ways of the Civil Aviation Branch of  
the Department of Airways, Ottawa,  
with Inspector Robertson, of Regina,  
landed on the field here on Sunday  
with a radio-equipped plane. The  
clouds were very low, and they drove  
by car from here to inspect the emer-  
gency field at Cowley, returning here  
to continue their eastward flight by  
plane. Going above the clouds, they  
guided the plane on the radio beam  
from Lethbridge and Cranbrook. Dr.  
and Mrs. MacLean drove to the air-  
port to greet the fliers, A. D. being a  
brother of the doctor.

#### GOSPEL TENT MEETING BY NAZARENE MISSION

The Nazarene Mission is conduct-  
ing a gospel tent campaign on Main  
street, opposite the Co-Operative  
Store. The special worker for this  
week is the well known "Gospel Ca-  
ruso," of Lethbridge, Prof. Walter W.  
Tink, who is well known in the States  
and Canada as an outstanding singer,  
and is well liked by every congrega-  
tion. He is constantly in demand by  
all denominations, as well as clubs  
and organizations. He is doing all  
the preaching this week as well. You  
will not want to miss hearing his  
messages both in sermon and song.  
He is an exceptionally fine musician,  
playing the trumpet, autoharp, etc.

There will be street meetings held  
every evening at 7 o'clock, in front of  
the Coleman hotel, and the service in  
the tent at 7:30 prompt.  
Beginning Monday, June 13th, the  
Rev. Edw. Lawlor, fiery gospel evan-  
gelist, will be the special worker for  
the rest of the campaign. His wife,  
who is a fine singer, will be the solo-  
ist and song leader. He was here in  
a campaign in March, and his many  
friends are anxious to hear his origi-  
nal, enthusiastic ministry. All are  
welcome.

The post office department announce  
the issue of new pictorial postage  
stamps of the 10c, 20c, 50c, \$1.00, 6c  
air mail and 20c special delivery de-  
nominations. They will be available  
at the local post office on the first day  
of sale, June 15th.

Renewals of subscriptions by for-  
mer Colemanites are a tribute to the  
interest which The Journal holds for  
them. Many people after having  
read their copies mail them to rela-  
tives or friends. Nearly a hundred  
copies are mailed each week to people  
who formerly lived here and others  
who are interested in doings in Cole-  
man.

## What is Canada's Greatest Co-operative Business?

**Answer.**—Life Insurance—in which more than 3,500,000 Canadians are united for mutual protection.

**Question.**—Then, about one out of every three Canadians owns Life Insurance?

**Answer.**—Yes, and more than half the population of our country benefits directly from Life Insurance.

**Q.**—How?

**A.**—Because Life Insurance savings not only protect policyholders but also guarantee financial security to the women and children who are their dependants.

**Q.**—How much money does Life Insurance pay out each year?

**A.**—Approximately \$150,000,000—or, at the average rate of Half-a-Million Dollars every working day.

**Q.**—How does Life Insurance invest the millions of dollars of policyholders' savings?

**A.**—In many worth-while enterprises for the benefit of all Canadian people.

**Q.**—What are the principal investments?

**A.**—Government bonds—municipal debentures—first mortgages on homes and farms—and other investments authorized by law.

**Q.**—How do these Life Insurance investments benefit Canada?

**A.**—They help to build homes, schools and good roads—improve farm property—extend transportation systems—finance industries—and construct local improvements.

This is the eighth of a series of messages sponsored by Life Insurance Companies operating in Canada. The ninth, to appear in two weeks' time, will discuss why Life Insurance is so safe.
